

SUPERVISION GROUP: DIR and SENSORY INTEGRATION

The course will be held by Amy Zier,

OTR/L, PhD (c), ICDL Expert Training Leader e SIPT (Sensory Integration Certification).

Contents: The course will focus on the following aspects:

- Identify the child's sensory profile
- Learn how this profile impacts the DIR levels

The course provides specific techniques for the **therapist** related to: environment, interaction and activity to support the sensory profile;

The course provides specific techniques for the **parents** to interact, modify home environment and specify type of activities to do in the home to support the sensory profile;

The course provides specific techniques for the **teacher** to interact, modify the school environment and what activities will promote learning;

A sensory analysis spreadsheet with therapeutic themes and techniques will be provided to all participants.

Dates:

27 February 2018, 8 March 2018, 20 March 2018, 10 April 2018, 26 April 2018, 2 May 2018, 15 May 2018, 5 June 2018, 21 June 2018, 3 July 2018.

Each meeting is 2 hours in length, from 6:30pm to 8:30pm, and will be held on the online platform Adobe Connect.

Each meeting will cover one case in detail, and Amy will highlight some clips from her treatment sessions to support clinical ideas for evaluation and treatment. The course will be in English with Italian translation. Italian presenters will present in Italian with English translation.

The supervision class is limited to 20 participants. However only 10 participants may present cases. For presenters, the course will cover the required supervision credits to access **DIRimè/ICDL** certification.

If you are unable to attend, you may miss a session and receive the recording. The attendance certificate will report the amount of hours attended.

Costs: 450 euro (IVA included) – reimbursement not allowed in case of cancellation.
